

SVTU/TIC Volunteer Opportunities

Following up on Alan Burrow's presentation at the March 2026 meeting, there are several opportunities for you to volunteer and support the Seneca Valley Trout Unlimited Chapter and the Trout Unlimited Trout in the Classroom (TIC) program. On release day, the trout fry that have been cared for and grown by students in the TIC program are released into Little Seneca Creek in Montgomery County.

On release day, the TIC program needs volunteers to help with casting instruction, fly tying, and helping to coordinate the release of the trout fry into the stream. This will involve working with school-age children and their teachers.

What do volunteers need to do?

- Be available from 9:00am – 1:30pm on release day
- Meet at The Lodge at Little Seneca Creek at 14500 Clopper Rd, Boyds, MD 20841
- Help with releasing trout fry (bring your waders), casting instruction, and tying flies
- Have fun

Volunteers are needed on the following dates associated with the following schools.

Please come out to help support TIC and the future of coldwater conservation if you have time.

- Rocky Hill - 3/25/2026
- Barnesville - 5/4/2026
- Martin Luther King - 5/13/2026
- William Farquhar - 5/14/2026
- Bradley Hills - 5/15/2026
- Julius West - 5/19/2026
- John T. Baker - 6/5/2026
- Stone Ridge - date TBD (probably mid-June)

If you have questions, please reach out to Alan Burrows, who is the Mid-Atlantic Co-Chair for Trout in the Classroom.
